

Corporate Guidelines

Our Claim

'moving ideas' is our promise to the market and the demand we make on ourselves.

Our Competence

We want to be specialists for modern electrical drives in Europe and throughout the whole world.

Our Customers

We want success for our customers by creating a mutual partnership.

Our Products

We offer drive systems that convince due to quality, reliability and economic efficiency.

Our Employees

We have trust in the motivation and flexibility of our employees and demand as well as support their commitment.

Our Achievement

We want to maintain options and secure employment by achieving good returns in the long term.
